

## APEC IIED Participation in the 19th APEC Future Education Consortium Steering Committee

Representatives from APEC IIED actively engaged in the 19th APEC Future Education Consortium Steering Committee, which took place in Busan during December 1st - 2nd. Organized by Institute of APEC Collaborative Education (IACE), the APEC Future Education Consortium Steering Committee serves as a platform for discussion and collaboration in the field of innovative education. Throughout the meeting, both APEC IIED and IACE presented APEC education projects that were successfully implemented in 2023. Additionally, participants deliberated on potential collaborative initiatives for the upcoming year. This participation underscores APEC IIED's commitment to fostering educational cooperation within the APEC community.

### 2023 APEC YOUTH CAPACITY BUILDING TRAINING & MODEL APEC

[Recap Video](#)

This program gathered policymakers, government officials and experts who work in APEC related sectors to share with the regional youth regarding how APEC operates. A Model APEC conference was also organized for the young participants to learn more about how issues are discussed in a regional economic forum, and how to present and voice their opinions in an official setting.

## DIGITAL AND INCLUSIVE TALENTS CULTIVATION AND TECHNOLOGY (AI)-ENABLED COLLABORATION: TVET'S INTEGRATIVE MODELS OF SKILLS AND TRAININGS

The workshop aimed to demonstrate how to narrow the skills gap and cultivate digital and AI talents through technological vocational education, providing an in-depth introduction to the collaborative model between the academia sector and industry sector.

## APEC YOUTH IMPACT FORUM

### 2023 APEC YOUTH IMPACT FORUM: PROMOTING LOCAL SUSTAINABILITY AND INCLUSIVE GROWTH TO ENHANCE POST-PANDEMIC REGIONAL RESILIENCE AND PROSPERITY

[Recap Video](#)

To promote cross-regional education cooperation and strengthen post-pandemic economic recovery, the "2023 APEC Youth Impact Forum" took place from October 25 to October 27. More than 70 young people are invited from 16 APEC member economies to participate in this important three-day event. The Forum focuses on local revitalization and inclusive development, enhancing regional economic resilience in the post-pandemic era. It aims to showcase best practices of policies and educational initiatives for regional revitalization and sustainable entrepreneurship, and discuss how to predict the future development of the regional economy by fostering local industries.
